

VIVID RATE CARD - 2011

VIVID is a subsidised organisation therefore we are able to offer subsidised rates. Please note that all pieces of work, exhibitions etc. with the exception of those paid for at Rate A, **MUST** carry acknowledgement of VIVID. Artwork and details of how it should be used are available from VIVID. All subsidized hires must give VIVID a copy of the finished work for promotional and fund-raising purposes.

HIRE RATE CATEGORIES:

RATE A: Standard rate for commercial work

RATE B: Discounted rate for grant funded work (e.g. arts funding body, local authority, LEA, voluntary organisation, work produced by students as part of a college course)

VIVID subscribers may receive further discounts when working on self funded projects (e.g. portfolio, show reel, exhibition). Ask a member of staff for details.

REDUCED RATES FOR LONGER HIRES:

Equipment taken off premises may be hired out for:

7 days @ 4x the daily rate

Weekend (Fri pm-to-Mon am) @ 1.5x the daily rate

Hires for longer periods are negotiable.

INSURANCE:

Prices include insurance anywhere in Europe but the hirer is responsible for the first £500 of any claim against VIVID's insurance for loss or damage. You may be able to arrange to cover the £500 on your personal insurance.

PAYMENT:

Hires of £50 or less must be paid for on the day. For hires of over £50.00 credit of 30 days is available on completion of the relevant paperwork but a deposit of at least £50 is required on collection of the equipment unless we receive an official order.

HIRE CONDITIONS

The hirer is responsible for the first £500 of any loss, damage or claim against VIVID's insurance.

The conditions of the hire begin at the signing of the booking form, and end at the satisfactory return of the equipment to VIVID.

Equipment is not insured if it is left in a vehicle overnight. If it is left in an unattended vehicle at any time it should be locked away securely in the boot (in case of estate cars or vans it should be covered). Alarms should be activated where fitted.

If you store equipment whilst not in use it must be kept at least 6 inches above floor level.

Hirers of lighting equipment are liable for the replacement cost of bulbs blown during use.

The hirer should take care of the equipment as if it were their own. They should keep and return it in good working order and in a clean condition. Any costs incurred due to failure to do this will be met by the hirer.

VIVID cannot accept responsibility for loss or damage to equipment, person or property due to negligence of the hirer. Nor can it be responsible for financial loss or damage to equipment, person, or property due to faulty equipment. The hirer is responsible for checking that the equipment is safe and functioning. (Safety equipment is available for use by the hirer if required). No warranty is given that the equipment is suitable for the purpose for which the hirer requires it.

The equipment should not be repaired, altered or modified without permission of a member of staff at VIVID. Any emergency repair undertaken should be brought to the attention of Vivid staff on return.

The hirer must prove competency in the operation of equipment. Familiarisation sessions for some specific items of equipment can be arranged in conjunction with the hire if needed. Regular introduction sessions are available. Technicians may also be hired.

Hires of £50.00 or less must be paid for on the day. For hires or over £50.00 a deposit of at least £50.00 is required on collection and the balance on return unless the hirer has a credit account with Vivid or, in the case of an institution, an official order has been received.

The booking is subject to the availability of the equipment and may occasionally be affected by late delivery, equipment failure or repair. Therefore VIVID cannot guarantee to meet a booking.
